Fascisti Force Facta Cabinet Out in Italy

Mussolini Mobilizes Military for Coup.

BULLETIN.
By HENRY WALES.

(From Today's Foreign News Service.)

PARIS Oct. 26.—The fall of the Facta government in Italy probably means the return of Former Prime Minister Giolitti to power. Private diplomatic advice from Rome has revealed the cabinet crisis for several days. Sig. Giolitti conferred with Deputy Prof. Benito Mussolini, chief of the Fascisti, today in Rome. Sig. Orlando also called Sig. Giolitti into a long conference yesterday.

Immigration now tends to spread over United States instead of centering on Canada, Miss Forbes finds.

Charles S. Peterson, Republican candidate for president of the county board, in his speeches urges new jail and other constructive policies for the county.

Tickets for Chicago-Princeton game reach \$5 and up, with regular brokers blaming students and government men watching both groups.

Nation observes Navy day today. Roosevelt's birthday; efforts of former President to build up adequate sea force recalled.

Wild cheers greet Attorney Bancroft when he dashes in winner in fourth day's "Auto" race for Salvation Army funds.

Buena Park residents will call on Mayor Thompson to oust Faherty on ground new sewer is waste of public money.

Charles R. Thomas talks before Medical School forum on the modern art of public health.

Mussolini, head of the Fascisti, has called together all military leaders of that organization and simultaneously has ordered all the military leaders of the Fascisti to keep in liaison. The 300,000 workers who have joined the Fascisti organizations are urged to cooperate at an opportune moment with the military section.

This is interpreted here as preparation for the assumption of power by Fascisti.

Fascisti Ready for Force.

NAPLES, Oct. 26.—(By the Associated Press)—The Fascisti congress, which has been in session for several days, adjourned today. All the orators prior to adjournment agreed that most of capital importance were imminent; namely: that either the Fascisti would assume power legally or by force and that therefore the present was not the time for discussion, but for action.

mek to Drs. McNally and Burns, she would always greet him with remarks to the effect that "we are pretty near done for" and added, "I don't think I'm going to live long." He says he couldn't account for his illness, and it was at his request that his brother John, who lives at 2245 Ward street, called in Dr. Burns.

Klimek showed every evidence of a slow poison. Dr. Burns told the police, but to make sure he visited the patient several times before he cracked a single note. Then he communicated with the other physician who had charge of the case, obtained from him a copy of every prescription that had been given the man. None of them contained poison.

Then he called in Dr. McNally and the analyses were made. Each, according to Dr. McNally, showed evidences of arsenic.

Klimek, according to physicians, has about an equal chance to live or die. In any event, they say, he probably will not die for several weeks.

AUTO, SPEEDING AFTER KILLING WOMAN, WRECKED

Speeding away after striking and killing Mrs. Mary Rose, colored, 23 years old, of 334 South Robey street, at North Western avenue and Thomas street at noon yesterday, an automobile driven by a Negro, struck another machine at North Western and Haddon avenues, and was brought to a stop when it crashed into a tree on North Oakley boulevard.

Anton Miekie, 30, of 6130 South Blythe, the driver, was injured and abandoned by his three friends. He was arrested.

An unidentified woman, about 50 years old, was fatally injured late last night when she was struck by an automobile at Fullerton and Kirkpatrick avenues. She died at St. Anne's hospital.

Howard Gossman, 5201 Warner avenue, driver of the car, and the woman who was hit, were taken to a stop when it crashed into a tree on North Oakley boulevard.

David Maturi, 533 West Chicago avenue, yesterday attempted to drive his auto through the La Salle street tunnel. He got part way through, but the car balked on the grade coming out. Street cars had to stop in both directions for about half an hour while police, a street car, and the wrecking wagon extricated the flivver.

Two persons injured in previous accidents, died yesterday. John Price, 40 years old, 1723 North Halsted street, struck by an automobile Wednesday; and Paul Sklar, 7 years old, of 5111 5th avenue, struck by a truck.

ALIENISTS HOLD "POISON PEN" WRITER INSANE

Eugene Bryant, confessed "poison pen" writer, who is on trial for extortion by threat before Judge Marcus Kavanaugh, acted his part yesterday as alienists for the defense testified to his insanity. He is charged with writing 300 letters, some obscene, some threatening, to the Chicago Tribune, Alton Daily Herald, and the St. Louis Post-Dispatch, and the 223 East Delaware place.

Dr. William J. Hickson, of the psychopathic laboratory testified that in his opinion Bryant is a victim of catatonic dementia praecox. He said lack of emotion is a manifestation of that form of insanity. During the examination by Prosecutor Stewart, Bryant seemed the least interested person in the room.

Dr. William O. Krohn, also an expert on mental disease, testified that Bryant is a catatonic, but that he is not far enough advanced to be definitely classified. He had laid stress on the absence of emotion. Bryant's aged father, William F. Bryant, county judge of Cedar county, Neb., told of his son's shyness as a boy. The state insisted that he was the defense's insanity testimony, while that of Dr. H. O. Singer, former state alienist, who holds that Bryant is sane.

JAILLED FOR STEALING WIFE.
Charged with kidnapping and the delinquency of the 19 month old baby of Mrs. May Leon, wife of a Cleveland restaurateur, Albert, 22, of 1224 North La Salle street, yesterday was sentenced to one year in the House of Correction and fined \$200.

PRINCETON GAME TICKETS \$35 UP; STUDENTS SCALP

Rialto Brokers Put Blame on Varsity Men.

Tickets for the Chicago-Princeton football game were plentiful in Chicago yesterday but at prices which found few purchasers, despite the fact that the city was beginning to fill up with persons wearing the Orange and Black of Old Nassau.

The prices, ranging from \$35 upward per ticket, were too high for the ticket speculator and as a result the federal officials and the university authorities were unable to get in the way of scalpers who confronted with an unusual situation. Practically all of the tickets for sale were in the hands of college students.

Reports that there had been 200,000 applications for the 30,000 seats had sent the price skyrocketing, and the association students with a couple of tickets and the prospects of a bare winter, who was trying to sell.

Rialto Brokers Off Themselves.

A half dozen agencies on Randolph street were visited by a reporter in quest of tickets, but in each the answer was the same—"We are not handling them." Pressed for reasons the officials said that the price was too high.

"If we sold \$40 for a ticket we would have a fat chance peddling it at the price we would have to ask to make any profit," one agent said.

Federal officials, early acquainted with the unusual situation, immediately made plans to combat it. More than 300,000 dollars worth of tickets were issued by United States commissioners Mason and deputy sheriffs and special agents were sent out to arrest any one attempting to sell tickets without complying with the law—that is stamping their name and the price on the back.

No Arrests Made.

A few arrests were made, but it is expected that the greatest cleanup will be made on the campus just before the game.

The brokers say that the students can't possibly get rid of their tickets at the prices asked and that just before the game there will be a big drop. While the students are planning to take advantage of the fact, the federal officials are not overlooking it, and one of the persons with orange and black and maroon colors in the crowds will be special agents.

Agents and university authorities were also busy trying to run down a few scalpers who had been stolen from the main building.

Horace M. Sharpe, 59 South La Salle street, reported to be a partner of Gotthard Dahlberg, speaker in the house of representatives, was subpoenaed and directed to bring in the records of the detective agency. Mr. Grimes, attorney for the public works commission, was informed yesterday. The commission approved the expenditure of \$35,000 to keep the plant running until the end of the year.

Commissioner of Public Works Francis came in for criticism during the session for his failure to put trailers into operation in the waste disposal service, as directed by the finance committee, which appropriated \$500,000 for their purchase. About \$120,000 has been spent for trailers but nothing more.

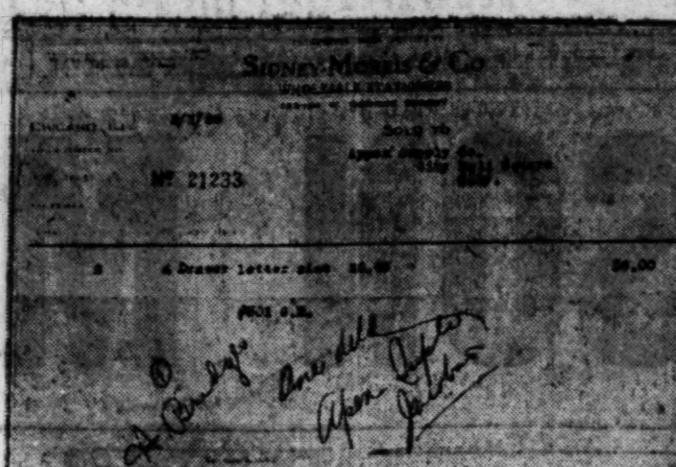

The commission recommended that the city erect a rubbish incinerator on "Goose Island" with a capacity sufficient to take care of the rubbish of twenty-five square miles of the northwest side of the city.

URGE LAW TO HALT GRAFT

Laws which will make it impossible for the Chicago board of education to misuse money contributed for the schools by the state will be asked of the next general assembly by the state educational commission, it became known yesterday.

The state is paying at present \$4,000.

PLUCKING THE TAXPAYER

BUENA RESIDENTS WILL ASK MAYOR TO OUST FAHERTY

Oppose New Sewer as a Waste of Money.

A committee of twenty from the Buena Park Property Owners' association will call upon Mayor Thompson with the demand that he oust from the board of local improvements.

The cause of the wrath is Mr. Fahey's insistence upon installing a new sewer south from Lawrence and Wilton avenues to Arlington place in defiance of vigorous protest of the property owners.

In action the action by an overwhelming majority at a stormy meeting at the Le Moyne school, Addison avenue and Rokeby street, last night, the association members indicated they were but taking up a "dare" offered them by Mr. Fahey at an equally stormy session in that office.

Treatment to Call Police.

"Mr. Fahey told us that the only way we could win was to get the mayor to fire out J. E. Scully," said Junior terrace retired engineer, and a former alderman, explained. "He then said if we didn't leave he'd call a policeman. He told one woman committee member that she had come to his office merely to talk politics."

Jacob Lauth, 3616 Pine Grove avenue, proposed the committee act.

One man at once sprang to his feet to demand moderation and tactfulness.

"But the crowd was not in

temper to listen.

Unfair to Publish Letters.

New York, Oct. 26.—William C. Redfield, former secretary of commerce, today expressed the opinion that the letter of the late Franklin K. Lane, secretary of the navy, to President Wilson, which has just been published in book form, contain instances of half truths which Mr. Lane himself would never have permitted to become public had he himself had the opportunity of editing them.

Mr. Redfield said the Lane letters throw a distorted light on President Wilson and do not represent the true situation.

Big Income Tax Frauds Are Believed Found

Washington, D. C., Oct. 26.—Preliminary investigations conducted by internal revenue bureau officials have led them to the belief that a number of business men in the country have been endeavoring to defraud the government of taxes by crediting themselves in their income returns fictitious or unjustifiable losses, running in some cases to huge amounts. Machinery to uncover such instances has been set in motion, it was said today.

Attorney Morton D. Culver advised a keen watch be kept for actual beginning of work so that an injunction could be asked.

Calls Plan Impracticable.

"Fahey told us first that every cent over \$4,000,000 this sewer would cost he would pay out of his own pocket," he said. "The estimate has jumped to \$5,700,000, but he hasn't said a word. I'm an engineer and know it's a most impracticable project. The specific plan allows \$6 per cubic foot for crushed limestone, but the price should be around \$1.60, and \$12 for concrete, when about \$8 is proper."

Attorney Morton D. Culver advised a keen watch be kept for actual beginning of work so that an injunction could be asked.

Commissioner Recommended

Chicago, Oct. 26.—The commission recommended that the city erect a rubbish incinerator on "Goose Island" with a capacity of about 250,000 cubic yards.

'HOOT, MON! CRY FOR BONAR LAW; 'RAY FOR DAVEY!'

English Political Giants in Separate Ends of Isles.

BY JOHN STEELE.

[Chicago Tribune Foreign News Service.]
(Copyright 1922 by The Chicago Tribune.)
LONDON, Oct. 26.—In his speech in Glasgow tonight at an enthusiastic but starchy meeting of his own constituents, Andrew Bonar Law defended the stand of policy which he contained in a manifesto published earlier in the day.

Mr. Bonar Law began by explaining his desecration of Mr. Lloyd George and Austin Chamberlain, saying that he had been assured by the most moderate men of the party that unless he took the course which the Conservative party would have dictated, the most pressing thing in the foreign policy was the near east, but he believed it possible for Great Britain, France, and Italy to come to an agreement and there would be no danger of the Greeks or Turks refusing to accept the decision.

No Gibraltar at Chanak.

The prime minister said he did not want to make Chanak a second Gibraltar, but he hoped soon to be able to bring about a settlement.

Regarding reparations, he said there was no difference of opinion between France and Great Britain. It was only the method of getting the money which Germany could pay which was to be decided on, and England and France, in the interests of Europe, must have their say.

Ouburst for Lloyd George.

The speech was received by a large audience of Glasgow Unionists, but the decorum apparently failed to be observed, which greeted Mr. Lloyd George to-night at Whitefield's tabernacle in London.

Why, we could run up a bill against America that would bankrupt even that rich country. Whitefield and Wesley brought America into the war. The instinct which was the result of their teaching and their preaching moved America to come to our aid.

"I will do one thing more. It is going to take America by the hand and lead her through the golden portals of the league of nations."

This outburst was received with great enthusiasm by the crowd.

CHICAGO STORES LEAD THE WORLD, BRITISHER SAYS

Chicago is first in the United States in department stores, Sir Sydney Skinner, chairman of the board of John Barker & Co. of London, has found after a tour of eastern cities. He would place Philadelphia second.

Sir Sydney and Lady Skinner, their daughter, Miss Doris Skinner; Miss H. L. Cabucher, architect, and Miss D. Selton, secretary, arrived at the Blackstone yesterday for an inspection of Chicago stores.

"We are about to build a new store in London," said Sir Sydney, "and we are hunting for ideas. There are many things to learn here."

A supporter of Lloyd George, Sir Sydney thinks that the ex-premier will win many votes in the north of England, but will not be able to carry the forthcoming election.

IGOE BOMBARDS RIGHELMER ON TIES TO CITY HALL

Charges "Ike" Volz Gets Appraisal Work.

Bombardment of County Judge Frank S. Righelmer, one of the favorite appointments of the Democrats this campaign, was taken up last night by Michael L. Igoe, former minority leader back in the race again for the Illinois lower house.

Following up the previous references made by Edmund K. Jarecki, Democratic nominee for county judge, to his favors shown by Judge Righelmer to Little P. Volz, Fred Lundin's confidential secretary, Igoe held several crowded meetings that this connection is so close that no reasonable man can accept statements that Righelmer has freed himself from the Illinois yoke.

Claims Volz Gets Jobs.

"As late as two weeks ago," he said, "Ike Volz was appointed by Judge Righelmer as an appraiser of the estate of Joseph R. Hawley. Just a few days before that he was appointed an appraiser of the estate of the late Fred J. Artig. He also acted in that capacity in connection with the estates of Washington Porter, Samuel Goss, Josiah H. Fahy and Annie Jeffries Hill."

"All these are large estates and the cases are still pending, and judging from the fees he has received in other cases, Ike Volz will be richer by several thousand dollars before they are disposed of."

In the case of Elias Colbert the over records show "Ike" Volz received \$1,000; in the case of Emma Steuer \$257; in the case of Robert J. McLaughlin, \$281; and in the case of Louis Arnes Boyd, \$228. In sixteen other cases Volz was paid fees ranging from \$18 to \$95. A hurried examination shows his name in twenty-six instances and there may be more. But the cases preceding the latest few are those in connection with which Righelmer has given Volz appointments since the primaries.

Mrs. Fairbank Takes It Up.

The anti-Righelmer battle was joined up by another Democratic nominee, Mrs. Katherina Fairbank.

"Righelmer is reflected," she said at the Slovak school hall, "it means that the entire election machinery of that county will be used in so far as possible to benefit William Hale Thompson when he comes up for re-election next spring."

"During the coalition judicial campaign, when it was evident the plain people were coming out in droves to vote against Thompson, Lunn, in control of the courts, Judge Righelmer's election board ordered a last minute change in polling places. In many cases only two booths were used in the polling places of anti-Righelmer wards."

Gives Court Scene.

"During the coalition campaign a group of women appeared in the court room to protest against their disenfranchisement. Some of the women laughed when John Maynard Harlan served a point and Judge Righelmer turned them with the greatest truculence and told them if they weren't going to let them see how they had to do their duty to the county all. It was an illuminating unmasking of the real Righelmer."

"He lost control of himself to such an extent that a few moments later he left the bench and walked off into chambers with the lawyers calling him to return."

Sale of Postage Stamps Shows Business Increasing

Washington, D. C., Oct. 26.—Regulations of the post office department announced today have broken all records. 1214,361,240 stamps having been issued since Oct. 1. Postmaster in their regulations, it was said, have indicated that business is on the increase, especially in industrial centers.

Recover Ring in Sleep.

While writing a note at the Plaza hotel, Mrs. John R. Miller, French designer, entered and removed from her finger a Masonic ring and her wedding ring. The former was returned to her, she says, but the latter he kept.

A week later Mrs. Miller says, she went walking in her sleep, returning with her wedding ring and a door key which she had lost.

PETERSON URGES NEW JAIL; FAVORS OTHER REFORMS

G. O. P. Candidate Stands for Business Methods.

BY PARKE BROWN.

An unusual campaign program is being carried out by the city candidates for the county board on the Republican ticket. Their speeches are devoted to the constructive work they propose to do if they are elected.

The speech used by Charles S. Peterson, the nominee for the board presidency, at several meetings last night is typical of this novel form of campaign appeal. It consists of a discussion of plans for a new jail, an endorsement for the proposed free dental clinics for children, a picturing of the possibilities of development of the forest preserves, an argument for strict observance of the merit system, and a promise of economy.

And Peterson said he thought that sort of talk was pleasing to the voters. He had found, he said, that they listened to him closely and seemed to approve of what he said.

How We Would Run It.

"I hope," he told his audiences, "that we shall be able to run the county's affairs as good business men would run their own affairs—to get 100 percent of honest value for every dollar expended."

"Incidentally I shall try to run the county's finances so that any taxpayer may see what the county is spending and what it is getting for its money. Investigation by any reputable body will be conducted at the expense of the county. The amount paid for each contract will not only be the sum for which every contract is awarded but also the amount finally paid on that contract, so that any extras may be easily checked."

"I am in favor of free dental clinics for children whose parents cannot afford to send them to dentists."

"I am inclined to favor branch emergency hospitals. A man injured in Grand Crossing or Albany Park may bleed to death before he reaches the county hospital."

Caveat: Jail a Disgrace.

"The present jail is a disgrace to Cook county. The report of the Kirkwood committee shows that while it was built to accommodate 360 prisoners it now houses 1,000, nearly half of whom are innocent. We owe the prisoners half way decent treatment."

Uncle Sam Issues Rules on Sailors' Christmas Mail

Washington, D. C., Oct. 26.—Christmas mail for officers and men of navies in European waters will be carried on the U. S. S. Sapele, leaving Hampton Roads, Nov. 3, and should reach that station about Nov. 1, according to the latest information.

"The propagation of the wits exceeds that of the virtues," said Dr. George W. Nichols, president of the Anti-Saloon League; Bishop Anton Best, Copenhagen, Denmark; R. Scott McBride, Illinois superintendent of the Anti-Saloon League, and Charles S. Peterson, candidate against Anton Cermak for the presidency of the county board.

"The liquor question has ceased to be a mere matter of beer and wine, but one of the ability of a democracy to enforce its laws. It is not a matter simply of the churches, but of the nation."

Dr. Wilson quoted from a long list of citizens who said the prohibition had aided in business and social life. Among the number making a favorable report which he quoted were Bankers James B. Forgan, William J. Rathje, E. H. Reynolds, and John J. Abbott.

BREAK 300 FOR NEW ZOO TODAY; MORSE DIRECTOR

Hold Ceremonies at La Grange.

With plans complete for the breaking of sod today of the 300 acre park of the Chicago Zoological society, near La Grange, it is announced that Dr. George Frederick Morse, director of the Boston Garden and Aquarium, has been chosen as the zoo's first director.

Dr. Morse is a former student of Dr. William T. Hornaday, famous head of New York's zoological park, who died in Chicago about Jan. 1 to assume his new duties, according to a statement yesterday by John T. McCutcheon, president of the society.

Ceremonies This Afternoon.

Elaborate ceremonies at 1 o'clock this afternoon will mark the actual beginning of construction of the buildings of the zoo and improvement of the grounds. A special speaker stands for the exercises had been erected at the intersection of McCormick avenue and the La Grange electric line. More than a thousand persons are expected to attend.

Besides Mr. McCutcheon, who will preside, scheduled speakers include Charles H. Wacker, chairman of the Chicago Plan commission; Daniel Ryan, president of the county board, and others.

The tract covered by the 300 acres will be known as the Cook prairie for preservation. It was donated to the people of Chicago by Mrs. Edith Rockefeller McCormick.

LARGE QUARTERS FOR ANIMALS.

An announced policy of the institution to provide spacious quarters for the animals, admitting of the greatest possible freedom of action and exercise, is highly approved by Dr. Morse in a letter to Mr. McCutcheon.

"The idea in building a park where wild life is to be exhibited in large numbers, and natural surroundings, is a good one. People are warned to eat carefully and avoid the risk of blood poisoning. It is the natural instinct of the animal to bite, and that some tender corn your poor tired feet, and you will find it very uncomfortable that you will stay with that animal. Think of it: just a little touch of real foot boy is yours. It is the real feel, and is highly appreciated by women who like to stand on their feet day after day."

ATHENS TO TRY PRINCE FOR PART IN GREEK WRECK

BY OTIS SWIFT.

[Chicago Tribune Foreign News Service.]
ATHENS, Oct. 26.—Prince Andre, brother of former King Constantine, has been arrested at Corfu and is being brought to Athens on a destroyer for court martial. He is accused of ignoring orders and thus contributing to the disarray of the Greek army in Asia Minor. He will be interned in the palace pending trial.

Skirmishes between Turk bandits and Greek refugees are reported in various parts of Thrace, resulting in three refugees and one Greek and one Turk being killed and several wounded.

Others in jail.

ATHENS, Oct. 26.—Gen. Stratigos is another on the roster of the Greek statesmen and soldiers confined in jail. His arrest yesterday followed the publication of the revolutionary committee's decree that all political and military prisoners in connection with the defeat of the Greek forces in Asia Minor. At the same time three civilian leaders were arrested. George P. Baltassis, former foreign minister; M. Stalis, once minister of the interior, and M. Bozikis, former governor of Thrace.

EXPERTS ADVISE IRISH TO TAKE OVER RAILROADS

But Oppose State Management.

BY PAUL WILLIAMS.

[Chicago Tribune Foreign News Service.]

DUBLIN, Oct. 26.—Nationalization of the Irish railways was recommended today in the report of the commission which conducted an inquiry for the provisional government. But the findings oppose state management and

urge the creation of a national railway board, representing the interests most vitally concerned, to have absolute powers of management.

The members of the board, the members of which it is asserted should have wide railroad and managerial experience, are to be appointed for five years, according to the plan. There will be one director to represent manufacturers, one for chambers of commerce, two for agriculturalists, two for labor and one to represent the industrial classes.

In pointing out the advantages of government ownership, the report states, "The powers of any government in developing a country's resources would be hampered if the principal means of transport were in the hands of private individuals."

Other advantages are the remodeling and diminishing of the supervisory staff, including the directors, coordi-

nation of services, the construction and standardization of all rolling stock, and the purchase of stores in bulk.

JAPANESE PLAN NEW CABLE TO UNITED STATES

TOKIO, Oct. 26.—[By the Associated Press.]—The imperial cabinet today decided to ask the diet for an appropriation to improve Japanese cable service, including a new cable to connect Japan with America.

If the diet refuses to grant the necessary funds it will be necessary to reschedule, although the government's contract with a private concern to construct the American cable.

Roosevelt's Views on Navy.

President Roosevelt's utterances on the subject of this navy dear to his heart have been carefully collected and compiled by the Navy League of the United States.

Every president of the United States has strongly urged congres-

sion to provide an adequate navy.

Mr. Roosevelt's various mes-

sages to congress the following ex-

cerpts are taken as showing his con-

cutive appeals and efforts.

Dec. 5, 1901.—"The work of upbuilding the navy must be steadily con-

tinued. . . . Union on command is always to be carried in foreign bot-

oms; we must have war craft to pro-

vide for the Monroe doctrine and to

rest upon it as the one sure means of

securing the peace of the western hemi-

sphere. The navy offers us the only

means of making our insistence upon

the Monroe doctrine anything but a

subject of derision to whatever nation

chooses to disregard it. It has been

well said that there is no surer way of

overing national disaster than to be

"aggressive, and unarmed."

Not Provocative of War.

Dec. 2, 1902.—"A good navy is not

provocative of war. It is the surest

guaranty of peace. Each individual unit of our navy should be the most efficient of its kind as regards both material and personnel that is to be assumed that the world had yet reached the stage or had come within measurable distance of the stage, when a proud nation, jealous of its honor and conscious of its great mission in the world, can be content to rely for peace upon the forbearance of other powers.

If we desire to secure peace one of the most powerful instruments of our rising prosperity, it must be known that we are at all times ready for war.

Dec. 7, 1905.—"We cannot afford a letup in this great work. To stand still means to go back. There should be no cessation in adding to the effective units of the fighting strength of the navy.

Dec. 4, 1904.—"The strong arm of the government, enforcing respect for its just rights in the protection of marine, is the navy of the United States. Our voice is now potent for peace, and is so potent because we are not afraid of war."

"FOREIGN MISSIONARIES"

These foreign born women are doing campaign work for the Salvation Army. Today they will sell doughnuts on the streets to aid the army in its home service appeal. The trio was photographed at a reception given for foreign women by Mrs. Charles Peterson. Left to right: Miss Sadie Katz of Judea, Mrs. N. Bonelli of Italy, and Miss Dorothy Wong of China.

BANCROFT LEADS SALVATION ARMY "RACE" FOR CASH

"Auto" Grind Brings In \$150,000.

Wild applause filled the mezzanine floor of the Sherman hotel yesterday when Pilot Edgar A. Bancroft, the engine of his little Velie racing car purring in perfect rhythm, dashed past the judges' stand shortly after noon and was declared the winner of the fourth day of the great Salvation Army race for funds.

To date \$150,000 has been obtained.

The Chicago quota of the nation-wide campaign is \$48,000. The difference must be raised before the campaign closes at midnight Oct. 31.

Todays in Tax day, and hundreds of women will sell tags throughout the city. On Saturday they will sell the well known Salvation Army doughnut.

Close to his differential was "Bullet Joe" Byfield, demon driver, in his Duran car. He flashed past the white flag a few seconds after Bancroft had disappeared around the turn.

Otis Team Comes Next.

Joseph Otis, piloting a Kimes Kar and Clayton Mark, behind the wheel of a Studebaker, came down the stretch neck and neck and were tied for third. W. H. Coleman, Denzenberg, and E. M. Schmidig, Roamer, were fourth and fifth.

The race is something new in the way of campaigns for money, according to Cyrus McCormick and Mrs. Joseph Fish, chairman of the Chicago home defense.

LIFE!

APPELLATE COURT OUT OF POLITICS IN NEW BASIC LAW

BY ARTHUR EVANS.

ARTICLE NO. 93

An appointive appellate bench is one of the features in the proposed new constitution which has aroused great discussion. Under the new draft goes to a popular vote on Dec. 12, the Supreme court is empowered to appoint the appellate bench without any restriction except that they must reside in the district for which appointed, must be at least 35 years of age, and licensed to practice law in Illinois for at least ten years.

At present the Supreme court selects the appellate bench from the judges of the Circuit court, and in Cook county from the Superior court. Under the new draft they may pick them from bench or bar for six year terms. The

nine Circuit and Superior judges of Cook county now serving in the Appellate court and its branches are to hold office until 1929. If any circuit or county Judge is appointed appellate judge, the vacancy so caused shall be filled by appointment of the Supreme court.

Raise Cry of Politics Menace.

By some the question is raised that this is an invasion of an "elected judiciary." One objection voiced is that the result will be that the supreme justices will play politics when an appointment is to be made; that politicians will cut more ice than now in the selection of the bench and that it is antagonistic to the good old stuff about "let the people rule."

Against this the argument is that the investment of this appointive power in the Supreme bench is a move—a small one, it is true, but a step nevertheless in the direction of a shorter ballot. And that in the matter of hard boiled politics, it tends to remove the politicians, for the reason that the Supreme judges would pick Appellate judges from good legal timber anywhere they saw fit instead of from elected judges originally slated for nomination by a bunch of politicians in a judicial convention. The theory is

that the head tribunal would pick quite as well as do the political committee men who name the candidates for the bench.

Would Lighten High Court's Work.

Also, it is argued, the Supreme court would have a selfish interest in picking the best man available for the reason that it would lighten their labors. The sounder the Appellate court the less work for the Supreme bench. This, it is claimed, has been demonstrated in the selection of the present Appellate judges.

In Cook county, for instance, the Appellate bench—nine members—is picked by the Supreme court from the cream of the Circuit and Superior benches, or, if you please, from the best of the judges. Why? It lightens work for the Supreme court. The result is in fact that only about 20 per cent, or perhaps less of the cases decided by the Cook county Appellate court, are taken up to the Supreme court. And some years ago the Appellate court in Cook county was the only court of its kind in the country to have its business running breast of its dockets.

Incidentally it may be said that so far as direct picking goes as differentiated from selection by vox-pop, advocates point out that the Municipal

court, which is nominated by direct primaries, is on the whole of inferior timber; to put it kindly, while the Circuit and Superior courts, which are nominated by convention, or in other words, "picked by the bosses," contain a majority of excellent jurists.

Our best judges, they say, have not come through the direct primary route.

And the Supreme's method in selecting members of the Appellate bench will be quite as apt to pick good men as are the politicians who run the nominating conventions. There's the argument.

Alternative Offered.

The proposed new constitution follows up the new section, which would enable the voters of Cook county, if they see fit to substitute a system of appointment for that of election of judges. There's the argument.

Not more than half the persons so nominated are to be of the same political party. Each six years the voters are to be given opportunity to disapprove of any judge, and if they disapprove, he is removed from office. This opposing system cannot be adopted without a constitutional amendment, and if once rejected cannot again be submitted for six years.

Conference Called by
Foes of New Constitution

A call was issued yesterday for a conference of citizens opposed to the adoption of the proposed new constitution to be held at Hotel La Salle next Monday afternoon. It was signed by Harold L. Smith, chairman of the committee opposed to ratification.

The call characterizes the new draft as "probably one of the most reactionary fundamental laws ever proposed

for any state in the Union."

If it is approved by a majority of those voting on the proposition the sitting judges that constitute the office during their term of office remain.

A popular vote and vacancies are to

be filled by the governor by appointment from a list containing the names

of not less than four eligible persons nominated by a majority of the Supreme court.

Not more than half the persons so nominated are to be of the same political party. Each six years the voters are to be given opportunity to disapprove of any judge, and if they disapprove, he is removed from office. This opposing system cannot be adopted without a constitutional amendment, and if once rejected cannot again be submitted for six years.

At the trial before Federal Judge Evan Evans, which ended in March, 1921, in the conviction of Heitler and the others on charges of conspiracy to violate the Volstead act, the government sought to prove that the defendants brought carloads of whiskey from Kentucky and sold it in Chicago.

"The amendment, and the power of congress derived therefrom, are limited to the prohibition of intrastate transactions of manufacture, sale, and transportation, and these only when done for beverage purposes," reads the brief, which was prepared by Attorney Robert N. Golding.

HEITLER'S BRIEF ASSAILS VALIDITY OF VOLSTEAD ACT

An attack on the Volstead act as being unconstitutional is the keynote of the argument to be presented before the United States Supreme court in behalf of Michael ("Mike de Pike") Heitler and other defendants in the "Mossy" Joy liquor case by Attorney Weymouth Kirkland, it became known yesterday.

SOVIETS GRANT AMNESTY TO FOE IN VLADIVOSTOK

Japs Quit \$750,000,000 Army Venture.

By RODERICK MATHESON, [Chicago Tribune Foreign News Service.]

TOKIO, Oct. 26.—The evacuation of Vladivostok was completed at noon yesterday, according to dispatches received today by the Japanese war office. A majority of the Japanese civilians there and 800 Russians embarked on thirteen vessels chartered by the Japanese. All but three of these ships have left.

The Japanese began falling back to the last zone of noon on Oct. 24, the White army taking over the lines. The Whites held desperately, but to no avail, as the Reds sent up reinforcements. There was cannonading throughout the night. Today the Reds occupy all Vladivostok.

Reds Promise Amnesty.

A Japanese committee conferred with the Red leaders on Oct. 24 and handed over to them lists of places where munitions were stored and keys to the warehouses. The Reds promised that in the event there was no further resistance they would grant amnesty to the White soldiers and would allow their families and wives to rejoin the foreign population. They said there would be no executions and no confiscations.

A naval wireless message states three Japanese transports are remaining at Vladivostok to bring the few hundred civilians there, price, \$100. There are four Japanese and one each of American, British and French warships in the harbor. And in the city itself there were only one or two Japanese officers left to make the final arrangements with the Reds. The naval dispatch says that the Russians entered the city quietly and there were few disturbances.

Heavy Cost to Japan.

And thus ended Japan's great military adventure in Siberia, which cost the nation about 1,500,000,000 yen (\$750,000,000). At the time of the announcement of the evacuation there were 5,000 Japanese in the maritime province and now fewer than 100 remain. The evacuation alone cost Japan 80,000 yen (\$20,000), which was spent in transporting and feeding the refugees.

The foreign office states that the recent protest of Moscow to Tokio regarding disorders in Vladivostok was based on misinformation, as there "were no serious disorders but yesterday when the last Japanese withdrew." To Quot Stiglitz, Too?

TOKIO, Oct. 26. (UPI)—The only Japanese soldiers remaining on Russian soil are those in the northern part of Sachalin Island. But the Japanese public is demanding their return also, as it is feared that restoration of trade with Siberia will be impossible until this is accomplished.

SHELLING CASE AT LAKE FOREST CALLED CLOSED

Protect Name of Officer Who Made Error.

"closed incident," was never delivered last night to Mrs. J. V. Farwell and Brig. Gen. L. Horn Mosley, commandant at Fort Sheridan, when questioned relative to the punishment of the second lieutenant responsible for the blunder which caused the bombardment Wednesday morning of the estates of Francis C. Farwell, Edith Rockefeller McCormick, and Cyrus H. McCormick at Lake Forest.

Mrs. Farwell refused to divulge the name of the offending officer, who is attached to headquarters company, but characterized the case as one of "gross negligence."

Ricochet from Beach.

According to Gen. Mosley, the officer was ordered to fire with a one pound gun, and instead of firing into the lake, had trained the gun up the beach. The shells struck the sand beach, and, ricocheting, hurtled into the Farwell mansion. One shell pierced the roof, a second plunged into a bedroom through a window, while two others struck in the cellar. Other shells plowed the lawn on the estates of Mrs. Edith Rockefeller McCormick and Cyrus H. McCormick and J. Ogden Armour. But did little damage.

Phoned to Fort.

The firing was stopped only when Mr. Farwell called Fort Sheridan and a party of officers was sent out to investigate.

Attempting to make public the name of the responsible officer, Gen. Mosley said he was a capable and efficient officer and that to broadcast his name would only serve to destroy his usefulness to the government. Expressions of sympathy for the young officer were made by Mrs. Farwell.

MRS. M. HODELL GUILTY OF FIRST DEGREE MURDER

Investigation. Mrs. Hodell, 20 year old swamp country girl, was found guilty of first degree murder by a jury here today in connection with the death of her invalid father-in-law, David Hodell. The jury had deliberated a little more than two hours.

Mrs. Hodell was accused of having poisoned her father-in-law, who had been implicated in the alleged slaying of Romie Turck last May. It was announced today the trial of Mrs. Dodge would begin here on Nov. 13.

WRECKS HOME; KILLS HUSBAND; GIVEN 14 YEARS

Leopold Mikrut was sentenced to fourteen years in the penitentiary yesterday by Chief Justice Michael L. McKinley. He was given a life sentence for the murder of Joseph Turck last May. Years ago in Austria the two were boyhood companions. They came to America, married, and had families. When Mikrut's wife died he came to live with Turck and his wife, Victoria, at 1654 West 14th place. Mrs. Turck, the moth-

er of four children, took in the three children the widow brought with him. Then she found she cared more for the friend than she did for her husband.

She began to make plans to do away with her husband, who stood in the way of their illicit love, Mikrut testified. Driven on by the woman's urging, Mikrut entered his friend's bedroom one night and stunned him with a blow, then the two dragged the husband to the basement and hanged him to a beam. They placed an overturned stool near by to make death appear a suicide. Mrs. Turck is in jail, having asked a "jury trial."

Jarecki's Election Means Thompson's Defeat

MAJOR THOMPSON has formally announced his candidacy through his machine leaders, who seek to control the election machinery to insure his renomination.

To control this machinery, they must elect a friendly County Judge. Every vote cast for Righeimer as candidate for County Judge on November 7th will amount to a vote for Thompson for Mayor next spring. Thompson appointed Righeimer assistant corporation counsel. His machine nominated and elected Righeimer County Judge.

Today they are centralizing all their efforts to secure Righeimer's re-election. Righeimer is the keystone of the Thompson political arch. Remove that keystone and the entire structure falls. Righeimer is Thompson's protege. The Thompson political organization now controls the election machinery of Chicago. If Righeimer is re-elected that control will continue.

Citizens of Chicago, keep these facts in view.

If you want to rescue the County Court of Cook County and the election machinery from the Lundin-Thompson political organization and if you desire an end of the orgy of waste and extravagance in the City Hall, vote for the Democratic Candidate for County Judge—

FORMER JUDGE EDMUND K. JARECKI

His record in public office is without a flaw. He is pledged to the people to give an honest and impartial administration of this important office with justice to all.

PRUDENCE MUST PRECEDE PEACE INDIANS

BY E. O. PHILLIPS
Indianapolis, Ind., Oct. 26.—The foreign policy of the United States has been consistent, its national constitution likewise is not to be changed by any sudden overnight political or programmatical shift.

This was emphasized to United States Senator Medill McCormick of Illinois himself as of the foreign relations committee of the Senate, making a speech before the Indiana delegation to the annual meeting of Women's Clubs at the Claypool hotel.

Upholding the state department's line of continental American first, McCormick said:

"It is not part of my purpose to embark upon discussion of a controversial question but I

mean something coming in the way of this. Selling with its sold in Turbans with flowers almost every kind. Belle Car Came by Chance.

It was only an accident that an automobile happened to come along at this moment, the authorities believe, and threw a light on the scene for Mrs. Gibson. The authorities believe there was another couple in the car who had selected De Russy's lane as a quiet, secluded spot in which to pursue their amorous affair.

As the strong lights swept across De Russy's lane, Mrs. Gibson says she saw, 30 feet away, a woman in a light gray coat and a stocky man with a dark mustache and bushy hair. She says she recognized the woman as Mrs. Hall, the rector's wife, because she had seen her before at church affairs and a rummage sale in New Brunswick, and had known who she was. As to the man with her, she is said to have made an identification later.

Occupants of Car Saw Couple.

The occupants of the closed car must have seen just what she saw, Mrs. Gibson says, because the man stopped suddenly and began to back out of the lane. In the glow of the lights, described a circular path, Mrs. Gibson says, it again flooded the man and woman with light as they kept on their journey into the direction of the crabapple tree.

Mrs. Gibson says then she followed the walking couple to the place where the quarrel and fighting which she has described took place.

Her description of what she saw after the automobile went back toward New Brunswick is substantially as follows:

"I heard voices quarreling. The man and woman who had been inside the automobile had gone toward the farm. They had a flashlight and I

Tells Also of "Ba's!" at Zion Trial.

The prosecution yesterday closed its case against Wilbur Glenn Voliva, overseer of Zion City, charged with criminal libel, after eliciting from H. Nelson, pastor of the Grace Missionary church of Zion City, as a man who cannot leave his home without being jeered by school children and adult citizens.

Nelson, the complaining witness, testified that, after he was the object of an alleged libelous article circulated in handbills printed by Voliva's residence, Zion, behaved like sheep, made gestures indicative of deep disgust, and even threatened him with violence.

"You ought to be hanged and I'd help do it!" a police officer said to me," declared Barnes.

Makers of genuine Australian Kangaroos Boots and Shoes for men and women

What you want in a shoe

You Want a Shapely Shoe. Shape-keeping depends on the quality of the material in the shoe, and the skill and care that made the shoe.

You Want Long Wear. You can only get out of a pair of shoes what the maker put into them.

You Want Comfort. Again, that depends on the quality of the leather and workmanship.

You want style, long wear, and comfort; but how, you ask, can you be sure of these? By merely seeing that the name, "Edwin Clapp" is stamped inside the shoe. For men and women. Try a pair.

Tribune's New Slogan Sells Trucks

M.R. T. owned a small auto truck business and was in the habit of using Tribune Want Ads to help him sell the trucks. This is the ad he was running, but he was not satisfied with the results he was getting:

LOONEY DODGES ROCK ISLAND'S "CLEANUP MOP"

BY PHILIP KINSLEY.

Rock Island, Oct. 26.—[Special.] Rock Island's "vice war" is a concentrated, determined effort to get rid of John Looney. The righteousness of this crusade is somewhat complicated by the fact that the chief instigator of the anti-Looney campaign is Anthony Hillburg, former king of the underworld, who was deposed by Looney.

The anti-Looneyites, however, are growing in power and courage, from the rich men on the hill whose families skeletons have been exposed to pitiless publicity by Looney, to the crippled old king and his satellites. It

looks tonight as if Looney's enemies would succeed, for he is a fugitive, under indictment for having stolen an automobile, and other evidence is piling up against him.

Brundage Has Evidence.

Attorney General Brundage is said to have enough evidence at hand to eliminate Looney forever as a professional and political power in Rock Island. Mr. Brundage will have personal charge of the investigation, he stated tonight.

It is now alleged that Looney was the head of a ring of automobile thieves who did a big interstate business along the Mississippi, transporting machines from the far south.

The present indictment is founded on a visit made into Iowa by prohibition agents. They visited the home of Henry McCarty and found a barred garage.

They investigated and found a car which proved to have been stolen from a Muscatine garage. McCarty, frightened, said that Looney had left it there. He was taken before the grand jury. Word traveled quickly along the grapevine leak out of the courtroom.

and McCarty was advised by an attorney to refuse to testify. He followed this advice. A federal operative talked with McCarty and told him he would be indicted unless he told the truth. He then went before the federal jury at Peoria and gave the evidence which resulted in the indictment.

Marshall Search Looney Plant.

Deputy marshals searched the Looney offices here today. Here the editor keeps his printing plant and has guards who inspect visitors. The guards have been kept there since previous attempts were made to kill Looney in the building since. The editor was not found, but his friends say he will come into town within a few days. His bond will be \$10,000.

In addition to this there are actions pending against his paper, which is owned by a \$20,000 corporation. Looney has been sued many times, but always managed to evade responsibility for the article he wrote.

He denied ownership. His printers did not know who paid them. They found an envelope on their benches each week. The businesslike guards kept off investigators. There were dogs

there and an arsenal of guns. Looney had also trained his son as a gun fighter and depended on him for protection. The young man fell in the battle of Market square Oct. 6, seeking to shield his father. Billburg was in the machine from which the shots were fired that killed young Looney.

Looney is also said to be implicated in the murder of "Bill" Gabel, resorting to his usual method of using his weekly paper to attack personally and viciously every one who opposed him or blocked his way to greater power.

The witnesses have been found whose stories go far to solve this midnight killing.

Gabel's Death Ordered.

Within fifteen minutes the death of Gabel was ordered. Who ordered it, how it was accomplished, will be told when the grand jury meets again.

Gabel had been paying money to the political ring in Rock Island will be powerless to block the investigation, for the state and federal authorities are operating through the federal grand jury, if necessary, have determined to push the Looney campaign through to its conclusion. Rock Island, a city of 36,000, held in fear by one man's pen, may at last breathe freely again.

The people that killed Gabel made this known to the press conference in Rock Island that their friend have never returned. One of the federal agents, it is said, was so frightened that he telephoned an appeal for troops to get him out of town.

Looney's fair weather friends are deserting him. His lieutenants are blaming him for everything.

Paper Is Boomerang.

Looney's unique method of using his weekly paper to attack personally and viciously every one who opposed him or blocked his way to greater power is bearing its inevitable results. He made too many enemies. They are piling up the evidence.

PAPERS VANISH, THEN REAPPEAR IN FIRE INQUIRY

Mysterious disappearance and reappearance of important documents in the vaults of the fire marshal's office added yesterday to the state's attorney's investigation of charges against the conduct of the department.

A letter from a fire apparatus concern stating that a rebate of 8 cents a foot on fire department hose costing \$1.30 a foot with couplings would be allowed in the latest document to disappear and reappear. It was one of a chain of documents called up by members of the finance committee and Business Manager Culterer to prove the regularity of a hose purchase declared by Ald. Arthur F. Albert to be open to suspicion.

Vanishes, Then Reappears.

The document was not to be found on Wednesday, when Ald. John A. Richard, chairman of the council finance committee, required it to take with him the documents he wanted. Yesterday it mysteriously appeared in its place in the file. Several apparatus contracts, which had also disappeared, showed up unexpectedly yesterday.

After a day of questioning witnesses yesterday, First Assistant State's Attorney John W. Rittenhouse and his chief assistant, William A. Rittenhouse, declared that as yet the charges made by Ald. Albert and former Assistant Fire Marshal John C. McDonnell have not been substantiated.

Charge He Can't Get Contracts.

Earl Watson, service manager of the American-La France Fire Engine company's Chicago office, was examined by Mr. Rittenhouse. He said his company had been awarded several city contracts for fire apparatus. Aldermen attempted to explain this by pointing out that the city has standardized its motor apparatus by purchasing only three makes of machines in order to keep down the costs of spare parts.

Crowe's Office Takes Up Feud Among Fish Dealers

Investigation of charges and counter charges which have been passing between wholesale and retail fish dealers will be begun by the state's attorney's office, First Assistant State's Attorney Jonas said yesterday. Alderman Frank J. Pappalardo was placed in charge. Walter Weil, treasurer of the Booth Fisheries company, is said to have charged that members of the Retail Fish Dealers' association have boycotted nonmember retailers and have prevented wholesalers from selling to independent consumers. There also have been threats and slippings.

DOCTOR REFUTES WOMAN'S PLEA IN SLAYING TRIAL

(Picture on back page.)

Cleveland, O., Oct. 26.—The fate of Mrs. Mabel Champion, 22, charged with the fatal shooting in restaurant here last July of Thomas A. O'Connell of New Haven, Conn., was given to a jury of seven women and five men today.

Assistant County Prosecutor Cassidy characterized the slaying as "one of the coldest blooded murders in the country's history." He said Mrs. Champion took a revolver from her husband's coat and "coolly and deliber-

ately fired three shots at O'Connell." Charles C. Castro, physician at the hospital where O'Connell was taken, testified that O'Connell was under no stress from the moment he was seen from the hospital until he died.

Attorney Walter D. Meigs had declared in his opening statement that Mrs. Champion had been brought before the dying man at the hospital and O'Connell had told police she was not the woman who shot him.

**Man Commits Suicide by
Hanging Self in Home**

Alexander Nichols, 65 years old, 406 South Kilbourne avenue, committed suicide yesterday afternoon by hanging himself from a rafter in the basement of his home.

The carpenters' counsel has prepared an injunction suit against the man to be filed soon, in which damages of \$10,000,000 will be asked, according to officials of the union. The carpenters maintain they are deprived of a livelihood because they wouldn't accept the Landis wage award.

Lloyd George Fights With His Back to the Wall

Lloyd George is down but not out, seems to be the verdict of neutral observers on the resignation of Britain's Premier, whose Coalition Government has been in power through the long stormy years since the war got under way. The London *Outlook* blames his decline on his handling of the Near East problem, saying: "There comes an hour in the career of many successful men when some fatal flaw of character, hidden in the years of struggle, and perhaps hardly suspected in the day of prosperity, exposes itself suddenly before the world at a moment of sudden crisis. The damage may be patched up, the idol survive some time longer in the temple of fame, and the multitude still flock to see it. But the crack is there for all who choose to look."

In defending the action of his Government at the Straits where he claimed to be a peace-maker and not a warmonger, Lloyd George states "I am told we were right in our object of keeping the Turk out of Europe, preventing a massacre at Constantinople and insuring the freedom of the Straits—all that was right, but we ought not to have used force. We ought to have argued with them, ought to have persuaded them. He is a gentleman who is very amenable to persuasion. . . . General Harrington in his message attributed the fact that he had succeeded largely to the reinforcements we had sent him, and if you have any doubt about it, just you hark back to the speech he delivered to the Turks. General Harrington was doubtful whether they were going to sign and this was his last appeal. He told the Turks that conciliation had been carried to the utmost limit, and warned Ismet Pasha that Great Britain had on the spot a very large, powerful fleet, large numbers of airplanes and guns, and by no means a negligible force of infantry—in fact, that Great Britain would be a very awkward enemy, but a very valuable friend."

One of the most interesting articles in THE LITERARY DIGEST this week, October 28th, presents journalistic opinion upon Lloyd George's resignation quoted from the English and French press. The article is illustrated with cartoons from the foremost European papers.

Landis Committee Sued as Sequel to Slugging

Through the Chicago Carpenters' District Council a suit for \$300 damages was filed in the Municipal court yesterday by Chris H. Talbot, a carpenter, against the citizens' committee to enforce the Landis award. The suit is based on an alleged slugging of Talbot by guards employed by the citizens' committee.

The carpenters' counsel has prepared an injunction suit against the man to be filed soon, in which damages of \$10,000,000 will be asked, according to officials of the union. The carpenters maintain they are deprived of a livelihood because they wouldn't accept the Landis wage award.

THE new Gem Double Life Blade is so keen, so swiftly shearing, so comfortable on the face that nothing in shaving history approaches it.

The reason is just this—the method we use removes the "wires," heretofore the disease of blade making.

The steel used in Gem Blades is electrically treated so that the molecules are in perfect alignment, enabling us to secure a microscopically smooth "wire-less" edge one-thousandth of an inch thin!

This edge is 40 times thinner than this sheet of newspaper — many times thinner than the

Washington, D. C., Oct. 20.—Senate commerce committee threw its methods of supervising railroad securities open to inspection before representative officials and investment bankers summoned to Washington, a vice particularly as with bidding.

The latter proposal was

met with emphatic objections by both men and bankers, while Robert E. Reynolds, president of First National bank of New York, appearing at the end of a long session, said the committee master "could do its work better on the bankers, but not in the bidding."

Says It Would Ruin Us

Otto Kahn of Kuhn, Loeb, pressed the opinion that such might prove ruinous to railroads. Jackson E. Reynolds, president of First National bank of New York, appearing at the end of a long session, said the committee master "could do its work better on the bankers, but not in the bidding."

Dwight R. Morrow of J. & Co. of New Haven, vice president of the New York Central, and John T. Johnson, counsel for the Railroad Security Holders, among the speakers called.

Mr. Kahn, first spokesman of great banking houses to the corporation, said the practice of private lending of loans to railroads was successful.

It had assisted the carriers in getting loans floated, in making up securities above all, and maintained broad investment market securities could be bought and sold.

"When you feel that you size up money market conditions the railroad officials and the investment bankers acting for you," John E. Oldham of the commission in conclusion, "then you had better have the financial management roads within your board."

BANKERS GIVE I.C.C. ADVICE ON R.R. FINANCING

Washington, D. C., Oct. 26.—The interstate commerce commission today threw its mettle of opinion on issues of railroad securities open for discussion before representative railroad officials and investment bankers whom it summoned to Washington, seeking advice particularly as whether it should hereafter require sale of such issues to the highest bidder after open competitive bidding.

The latter proposal was met with emphatic objection by both railroad men and bankers, while Robert S. Scott, chairman of a special committee of railroad executives appointed to formulate views, challenged the legal power of the commission to institute such practice.

Says It Would Ruin Carriers.

Otto Kahn of Kuhn, Loeb & Co. expressed the opinion that such a system might prove ruinous to railroads, while Jackson E. Reynolds, president of the First National bank of New York, appearing at the end of a long day of discussion, said the measure to be taken "could do its worst and not hurt us (the bankers), but hurt the railroads."

Dwight R. Morrow of J. P. Morgan & Co., A. H. Harris, vice president of the New York Central, and Forney Johnston, counsel for the Association of Railroad Security Holders, were among those bankers called.

Mr. Kahn, first spokesman for the bankers, said that the relationship of great banking houses to the railroad corporations had brought into existence the practice of private underwriting of larger loans.

FLOAT LOANS SUCCESSFULLY.
It had assisted the carriers, he commented, in getting loans successfully floated in making up securities of a form and type to fit markets and, above all, had maintained a stable bond investment market on which railroad securities could always be bought and sold.

"When you feel that you can better set up money market conditions than the railroad officials, then the bankers assume they are acting in good faith," John E. Oldham of Boston told the commission in concluding the session, "then you had better take over the financial management of the railroads within your board."

CONTENDERS FOR MEDICAL LIBERTY HOLD MEET HERE

Public school children who are conscientious objectors should not be vaccinated, in the opinion of the American Medical Liberty League, which will have a three days' convention here starting Sunday.

Delegates are expected from many cities. Chairman of two morning meetings will be Mrs. George M. Kennedy of St. Paul, one of the founders of the National Woman's parent clubwoman and director of the Minnesota branch of the Woman's International League for peace and freedom.

The convention will be held at the Hotel Sherman. Its slogan will be, "For medical liberty equal to religious liberty and equally secure."

ASKS RECEIVER FOR AMERICAN BOSCH MAGNETO

White Plains, N. Y., Oct. 26.—Disraeli of the American Bosch Magneto, the pre-war owners, and damages of \$4,000,000 were levied in a suit filed in Supreme court here today by Albert Klein, a resident of Germany, through his counsel, Harvey Andrews of New York.

Naming A. Mitchell Palmer, former alien property custodian, as a defendant along with Arthur T. Murray and Martin E. Korn, officials of the company, Klein alleges that the trio used Palmer's official position to defraud the pre-war owners out of their property.

The complaint sets forth that Klein came into possession in April, 1917, of 90 of the 250 shares of the Bosch Magneto company, by the death of his brother, Gustav Klein. He was then and since has been, he says, a "friendly alien."

Klein asks that a receiver be appointed to take over and operate the plant pending decision on his suit.

DIXIE WOMAN INSISTS LINCOLN BROUGHT ON WAR

Documents Prove It, She Says.

Decatur, Ga., Oct. 26.—Responsibility for the civil war was laid at the door of President Abraham Lincoln by Miss Mildred Rutherford of Athens, state historian of the United Daughters of the Confederacy, in an address tonight at the regular session of the Georgia convention of that organization here.

"Lincoln hated the aristocrats of

the south, whether slaveholders or not," Miss Rutherford declared.

Wants "Truth" Taught.

When she became historian of the United Daughters of the Confederacy to record the south's history, Miss Rutherford declared she became convinced that Lincoln was responsible for bringing war between the states, and she asserted that the truth should be taught the children of today.

"I suspected it more strongly when I came into possession of the secret order of Lincoln to Gen. Winfield Scott to hold himself in readiness to arm and provision Fort Sumter," Miss Rutherford said, adding that she became absolutely convinced when W. H. Johnson of Curryville, Ga., a Confederate veteran, sent her his manuscript guilty of attempted pickpocketing yesterday and was fined \$25 and costs by Judge Haas.

Pamphlet Is Approved.

Johnstone's pamphlet, she pointed out, had been approved by the Richmond confederate reunion this year, which also adopted a resolution recommending that it be used as a text book in southern schools.

Earlier in the day a resolution had been adopted by the Georgia U. D. C. pledging Miss Rutherford its support in her efforts to establish the "truths of history."

PUBLICITY IS ANALYZED FOR MEDILL CLASSES

It took many centuries for the world at large to learn that the Chinese had invented gunpowder, but when Mme. Curie discovered radium the whole world knew of it in a short time, and was using it beneficially. Publicity must do the same.

This was the keynote of the address given last night before the Medill School of Journalism forum by Charles R. Thomas, assistant director of publications at La Salle Extension university and in charge of public information for the American Association of Engineers.

Take his topic "Ambassadors to His Majesty the Public," and announcing that he practiced in "that court which is ruled by public opinion as king." Mr. Thomas told the inside story of the huge complicated, scientific publicity machine that has been evolved in this country. "Public relations work" was the title he gave it.

Learn from Architects.

"Many of the methods employed have come down to us from the ancients," he said. "They were used by Aristotle and the Chinese."

"Sometimes think of a director of publicity as the leader of a big orchestra, the instruments of which are even more varied in their tone and type of appeal than those of the orchestra. In a campaign of publicity the harmonious use of a great variety of means of publication is an essential feature. For records can be produced if the agencies of information are not well co-ordinated."

"A public relations man must have the poise of an editor, the vision of a promoter, the aggressiveness of a advertiser, the accuracy of a scientist engaged in research work and the suavity of a diplomat. He must be content to be a Boswell to many Johnnsons."

Fifty-two distinct kinds of publicity, ranging from advertisements, news items, and posters to exhibits and displays, were outlined by Mr. Thomas. "The test of the value of public information," he added sagely, "is: Do they talk about it?"

Essentials of Comedy.

"Comedy is made up of the funny things we see every day but pay no attention to," Harry Davenport, member of the noted American stage family and star of the "Thank-U" company, told the school earlier in the day. W. W. HILL, drawings in THE TRIBUNE are good of them and of comedy. One of the greatest exponents of the common, everyday type of comedy is Charlie Chaplin. True comedy is comedy that can bring a tear with the laugh."

Mr. Davenport pointed out each example of comedy cited in his talk.

The speaker next Thursday night will be M. B. Aleshire, art director of THE TRIBUNE, who will discuss "The Psychology of News Pictures."

Junior League
Soon to Prepare
for Nov. 25 Play

The first meeting of the Junior League for the year will be held on Nov. 2 at 11 a.m. at the Opera club. At this time plans will be discussed for the opening performance of the Children's theater sponsored by Junior League members. The date of the play to be given, "Little Woman," is Saturday morning, Nov. 25, and other plays will be selected for succeeding Saturday mornings through the winter.

Mrs. Richard Barratt is president of the Junior League. Mrs. John W. Winthrop, vice president, Miss Mary Wege is secretary, and Mrs. Ruth Curtis, treasurer.

Directors are Mrs. Charles R. Goodwin, Miss Annette Washburne, and Miss Clarissa Donnelly.

On the advisory committee for the children's theater are: Mrs. Joseph T. Bowen, Mrs. Jacob Bauer, Miss Mary Egan, Mrs. Jacob Chappell, Mrs. Joseph G. Colenian, Mrs. Joseph M. Cudahy, Mrs. Herbert Hyde, Mrs. Rockefeller McCormick, and Miss Bertha Iles.

The first half of the season will be given this evening at the Blackstone.

Mr. and Mrs. William Mitchell and Mr. and Mrs. James C. Hutchins will be joint hosts.

Miss Jane Scriven and Miss Margaret MacCaughan will depart today for Philadelphia to attend the Haloween festivities at Ogontz School. Both girls were graduated from Ogontz in June and both will be presented to society this season.

Mr. John C. Hately and his daughter, the Misses Ethel and Louise, are at Halewood, their Lake Geneva residence, for a late autumn visit.

Mr. and Mrs. Herbert de Wilde of 11 East Elm will depart tomorrow for New York City, where Mrs. de Wilde's mother, Mrs. Alfred T. Martin, has returned to the city and will remain permanently. Mrs. de Wilde's mother, Mrs. John C. Hately and his daughter, the Misses Ethel and Louise, are at Halewood, their Lake Geneva residence, for a late autumn visit.

Dr. and Mrs. Wilfred T. Greenfield will return to this country early next month. They are now in England, where Dr. Greenfield is lecturing. Mr. and Mrs. Harry Faurot and Miss Julia Belle Faurot of Riverside plan to sail for Europe soon after the holidays.

Jane Deering of 1430 Lake Shore Drive will leave in November for her winter residence at Miami, Fla.

Miss Anne Newell of 21 East Elm street has departed for Santa Barbara, Calif., for the winter. Her apartment is occupied by John B. Ryerson and W. E. D. Stokes Jr.

Mr. and Mrs. C. Dixon, formerly of the East Chicago avenue, have moved to 222 East Delaware place.

Miss Jane Warner, younger daughter of Mr. and Mrs. Ezra J. Warner of Lake Forest and 60 Scott street, is in school at Dobbs Ferry this winter. Her sister, Miss Marion Warner, is to make her debut on Nov. 24.

Mr. Charles H. Maxey of Portland, Ore., is in Chicago for a few days on his way to California to spend the winter. He is at the Blackstone Hotel. Mr. and Mrs. Edward F. Swift, Mr. and Mrs. John C. O'Conor, Mrs. Phelps E. Barnes MacVeagh, Mr. and Mrs. Charles J. Holden, Mr. John Llewellyn, Mr. and Mrs. C. C. Wilson, and Mr. and Mrs. George Faulkner are among the football fans who will have dinner guests at the Sisson hotel tomorrow before the Chicago-Princeton game.

Mr. Russell Tyson, chairman of the Women's Relief Corps, entertained at dinner at Pierre's last evening. His guests included Mr. and Mrs. Carroll L. Walwright, Mrs. Robert Goetz, Stephen Van Rensselaer, Julius W. Noyes, and Theodore Crane.

A dance for the joint debut of Miss Alice McV. Voss, daughter of Mr. and Mrs. William H. Neilson Voss, and Miss Helen Jenkins, daughter of Mr. and Mrs. Frank W. Jenkins, will be given in the Plaza hotel on the evening of Dec. 2.

Lady Davis, wife of Sir Mortimer Davis, was hostess at a luncheon party yesterday at the Ritz-Carlton hotel.

An afternoon bridge party for the benefit of Russian refugees is being arranged to take place at the Plaza hotel Nov. 28. Princess Michel Cantacuzene-Speranza Jr. and Miss Muriel Vanderbilt are in charge of the arrangements.

Mr. Parsons to Lecture.

The School of Domestic Arts and Science announces a lecture by Frank Alva Parsons on "Art Dress and Common Sense" at 11 o'clock this morning in the crystal ballroom of the Blackstone.

Western, poor to best 5.75 per 100 lbs.

Another slump of 10@25¢ in hog values yesterday carried the top and average 15¢ below Wednesday at \$9.25 and \$8.70 respectively. Offerings were excessive and 11,000 remained in the pens. Shipping orders due to a shortage of cars on eastern roads were curtailed considerably, which added to the weakness in the trade. All outside markets declined sharply with the general tendency still lower. Price range here yesterday was considerably narrower, some of the "big hams" packing sows selling nearly steady.

A total of 1,000 carloads of cattle promised to total close to 25,000, the largest since the third week of November, 1920, when the record number of 111,946 arrived. Notwithstanding the large supplies yesterday's market held steady to strong with the previous session, some 1,365 lbs. steers selling to Wilson for shipment to New York at \$11.50. Yearling average 1,033 lbs., reached \$11.25. Butcher stock sold steady while calves closed weak to 25¢ lower. Feeding steers steady.

Lamb Trade Weak.

Lamb values slumped back to a level with initial day this week on a steady shade lower trade yesterday, when top natives to city butchers and shippers stopped at \$14.65, while packers purchased at \$14.65 from \$14.50, secured bulk at \$14.60@14.35. Recent offerings were comparatively few and best castrated steers at \$14.25@14.35. Market in the feeder division was again top heavy, best selling steady, and others at 10@15¢ lower, bulls bringing \$13.75@14.35. Sheep and yearlings were fully steady. Choice 92 lb. yearlings, fancy fed, fancy fed western lambs reached \$14.60.

Receipts for Chicago for today are estimated at 6,000 cattle, 20,000 hogs and 6,000 sheep, against 6,520 cattle, 24,320 hogs and 16,695 sheep the corresponding Friday last year.

GRAINS DECLINE ON LATE EFFORT TO TAKE PROFITS

BY CHARLES MICHAELS.

A more decided friendliness showed toward the buying side of grains early. There was a noticeable lack of pressure and a steady advance in values until near the close, when local shorts plotted their covering and some went long. An effort to secure profits found the market poorly supported and a break followed that carried values back under the previous day's finish, with final trades unchanged to 4¢ higher on wheat, 1¢ higher to 4¢ lower on corn, 5¢@1¢ higher on oats, and 4¢@4¢ higher on rye.

Continued strength in Liverpool and in Winnipeg wheat markets which show have been the weakest if the bearish trend to the situation were correct attracted considerable attention and led to a fair amount of buying. Winnipeg closed 4¢@4¢ higher and Liverpool was up 4¢@4¢. At the last Winnipeg Decem-ber was 15¢ above Chicago against 17¢ at one time recently.

Corn Finished Easy.

Corn prices had a range of 4¢@4¢ for the day and finished a little easy due to realizing by early sellers. December showed the most strength and tended to go up 4¢ unless it was one that only to ease off again toward the last. Oats were dominated by the action of other grains but showed more resistance to pressure and closed with a firm up-trend, with the December showing the most strength. Cash demand was good and premiums slightly firmer.

Cash interests and houses with New York connections were good buyers of December rye while others were weak in wheat and with reports of 600,000 bu. having been sold to exporters in the two days, the underdone was decidedly firm. A good trade was on at the seaboard with sales of 750,000 bu. reported, including a large cargo from Chicago for winter storage at 4¢ over May.

Provision Prices Decline.

Trade in provisions was slow and closed with lard 7¢@2¢ lower in sympathy with a decline in hogs and a lack of support. Prices follow:

3 and 4 room apartments.
RENTS \$60 TO \$125.

For a number of years, on account of the particular needs of the neighborhood, we turned our attention to two, three, and four room apartments, the result in every case being lack of knowledge of the particular needs of the market. The construction of apartments of this type, numbers of which have been built, has given us great pleasure.

Courts is the result of years of careful study and experience on the part of the builders, combined with the results of the particular needs of the market in Chicago who in planning and building have given consideration to all requirements.

We believe that what you want is the most exacting treatment.

BY HUGH FULLERTON

(Pictures on back page)
Chicago ceases to be a city and becomes the arena of the greatest football struggle of the year.

The solid banks of maroon striped with the black and orange of Princeton. Ten thousand Princeton rooters, more than 1,000 of the grads and heroes are gathered to the last stand of the east against the swelling football pretenses of west.

For the first time in football history one of the Big Three teams is in Chicago—and probably it is at this time that the colors of the big eastern schools will find a place in the claims of the west.

Stagg Field the Magnet.
Today all roads lead to Stagg. At noon today all auto traffic in vicinity of the University of Chicago will cease. No autos will be admitted at or near the field—and thousands of the Maroon will band bold ranks against the massed section in which the Tiger roar will growl defiance and growl the fighting growl of Nassau.

Thirty-two thousand of the fans will see the battle—but all day, all the country, will focus their eyes upon the battle which decides the claims of supremacy east and west on the football field.

Maroons the Favorite.

Chicago is the favorite, but great bulk of the wagering on games, wagering which grew when the hosts of Princeton gathered yesterday from all sections of United States, was at even. Of the betting was at 11 to 10, a few wagers were laid at 5 to 4 in the Maroons' favorites.

As the rush of Princeton and Tiger growl swept through Chicago the fighting spirit of old Nassau rose with the gathering of heroes past and present, even it looked better. Not that the ranks of the Maroon supporters abated, but the fact that Princeton poured out its money, the Princeton swarmed from all sections of the country to back the team, changed the odds.

"Beat Chicago."

Princeton's team and the train which bore the hosts of the Maroons into Chicago was just the ring of the rally. From all sections came old grads, heroes of past Princeton, usually content any game with a western team, but had changed.

Knowing that this was the first they ever had ventured into the unknown, that in all probability Princeton team will meet eleven, the cry of "Beat Princeton" changed to "Beat Harvard" changed to "Beat Chicago."

Old grads, old heroes of the past have fought under Princeton's colors against the Blue and the Gray, declared they would rather Chicago than either eastern river.

Princeton has "pointed" at a western team and came determined to wipe out the disgrace of last overthrow at the hands of Stagg.

Old Tiger Heroes on Hand.
The greatest gathering of Princeton ever held outside of the walls of Nassau responded to the cry of the Tiger. A great host of old heroes gathered Drake hotel yesterday afternoon less than eight more than six hundred leaders, halling from forty states of the country, gathered at the gates of the National Alumni Association of Princeton.

Led by President John Greenleaf and Coach Bill Roper, the grads stood and cheered as the men and women, as one of the leaders of Princeton, still ripe 'em led the way. John Maynard Harlan, veterans of many teams, pleaded for a victory.

John Edwards had not come, but
